

56 Sailfish Way Kingscliff NSW

4 2 2

This stylish home is situated a short stroll to pristine beaches, cafes and more! No need for the car to get the kids to the beach...

The owners of this beach home have stamped it with style and superb taste. Neutral, warm beach tones with attention to detail in every room, magnificent re-cycled teak flooring and vaulted ceilings in the living, kitchen and dining area, high ceilings throughout the rest of the home, stone bench tops in both the kitchen and bathrooms, European appliances and generous storage throughout!

Meticulously built in early 2014 by respected local builder Keith Franklin. He has built a few homes for the original owners of this home which says a lot.

The well maintained, low maintenance garden boasts a superb pool for those warm summer days. The upstairs living area was designed to capture cool breezes with lots of great natural light and space. Complimented by the perfect entertaining deck for an intimate or large group. This newer styled home has all the upgrades, is so tastefully done and close to the beach! We love this house
